Mad Science 2018 Spring Break Programs

Sponsored by

Big Bang Boom Enrichment Program

Grades K-5 April 16th – 20th Half Day (9:00-12:00pm) or Full Day (9:00-3:00pm)

The days when you thought Science is boring are over!!! Join our 5 day Mad Science program and *Boom* into the Fun world of Science! Create lots of fizzing, bubbling, popping Mad reactions. Hold on to your seat as the class bursts with Energy when we learn about force, motions and power sources. You will build a catapult, assemble a battery, light up and connect your world using solar power and fiber optics. Become an Ecologist and make animal tracks, activate volcanos, create storms and learn all about how to preserve the Earth and the animal Kingdom. The fun won't stop there! You will learn how to use science tools solve a crime, make special movie effects, create a beautiful canvas, and see that SCIENCE is all around us!

****Participants should bring water and a peanut free lunch and snacks daily****
